He is national awards winning artist, singer, novelist, humanist, social activist and children rightist. He is trying to contribute to set up the equal basic rights of the street children and the homeless and motherless children. He is 16 years old. He is a social activist. He received many national awards for his activities and deeds from the prime minister and the other ministers of Bangladesh.

“Tigers of Bangladesh” is a working branch of BDDT. M. A. Munim Sagar performs his social works through this branch for achieving the goal of fulfilling the rights of street children. He is trying to establish it properly for helping helpless children, homeless children, and motherless children. He started this social work after getting a shock from his life. He has lost his two friends in his childhood for the unequal distribution of children's rights. They died without getting food and medicine, as they were the street children. He was only eight years old then. He became depressed for his lost friends and took an oath to achieve the equal rights of the street children all over the country even all over the world. He dreams that there will be no street children. Every child will have family and equal basic human rights. He dreams that one day the world will turned into a beautiful world where equal children rights will remain in every country. No child will remain away from the right to education, right to clothes, right to food, right to treatment, right to shelter. He has done many social activities to ensure the rights of street children.

He has done many things through **“Tigers of Bangladesh”**. This includes- He has engaged many children volunteers who do many types of social activities for inspiring and helping the street children to survive. He has founded a school in his rural house area for teaching many street children and illiterate parents of rural children who do not get the right of education. He has founded a mobile hospital for the purpose of treatment of the street children who do not get the right of treatment and medicines. In

this hospital, his organization gives the vaccines of different types of dangerous diseases free of cost by taking the help of the government of Bangladesh. He has established a cyclone center for the shelter of the people at the time of cyclone. This cyclone center is also utilized for the shelter of street children who do not get the right to shelter. He fulfill the right to clothes of almost five thousand (5000) street children. He also fulfill the right to food of almost five thousand (5000) street. He has written many articles on "The right of street children, the right of homeless motherless children" in many newspapers, journals and magazines in many times. He has also gave interview and lectures in different public places, rallies, radio stations and TV channels on "The right of street children & the right of homeless motherless children ". In 2017, he raised 18966 USD and donated it for the purposes of the development and fulfill the rights of street children.

He wants to see that all the children of the world will get equal basic children rights. There will remain no street children. No child will sleep on the road, no child will do any hard work, no child will be away from the right to education, no child will be physically abused, no child will remain without the introduction of parents, no child will have to stay without food, no child will die without having food and treatment and proper medicines. Every children will have a family and equal basic rights.

He dreams that one day the world will turned into a beautiful world where equal children rights will remain in every country. No child will remain away from the right to education, right to clothes, right to food, right to treatment and right to shelter specially the disadvantages children.

Volunteer: M. A. Munim Sagar Moto :

"A child getting his fundamental rights can change the world using the right to proper education. His dream is that no child will remain away from the right to education, right to clothes, right to food, right to treatment and right to shelter."
